☐ Could be covered under Part B or Part D • Dual Purpose Item

IMPORTANT INFORMATION

Part B or Part D Coverage

Items that could be covered under your Medicare Part B or Part D are marked with a "■". When an item is covered by Part B or Part D due to your particular circumstances, you should not use your OTC benefit to obtain the item.

That's because it is Medicare covered in those circumstances, and not part of your OTC benefit. For example, gauze may be covered under Part B when it is being used as prescribed, to perform surgical wound dressing changes.

Vitamin and Mineral Supplements

These are known as the Dual-Purpose items which are marked with a "●". Your physician must recommend them to you for a specific diagnosed condition. Please speak with your physician before ordering these items.
